TO THE AFFLICTED: DOCTOR LAWRENCE, after an extensive practice of ten years in Baltimore, which he left for a tour through Europe, where he remained two years, now returns with his mind richly stored with scientific knowledge and research. The first six months was spent in the Liverpool Infirmary for discusses of the eye and ear, after which he availed himself of a thorough course of investigation in the Queen's Hospital, London, where the most wonderful cures are daily effected. The Doctor's treatment of Chronic Diseases is entirely different from that marked out by the superannuated fathers of medicine, so called. It is not confined to the routine system of any bigoted party, but embraces a system of practice, not

only sound and rational, but truly scientific in its meas-After many solicitations from physicians and others of this State, the Doctor has consented to make the State of Indiana his permanent abode. He will visit any town in the State by request of six or more of its citizens, and treat all cases presented with a success seldom attained. His examinations will be made with great care, and his opinion given freely and frankly, and without charge, thereby saving expense, and satisfying the minds of the To ladies who are incapable of bearing healthy off-spring, from deformity or otherwise, will find his advice

invaluable. Other interesting and important advice will be given to married ladics, as his opportusities have been such that all the intricate cases of female complaints have been fully comprehended, and the causes of the dis-eases truly ascertained, rendering his opinions correct, and his advice and prescriptions valuable. See circulars for particulars, which will be distributed in every town and hamlet in the State. Headquarters Spencer House, Indianapolis, Ind.
